A New Bethesda for a New Generation

Pastor's Corner

I can hardly believe it! We have entered 2010. It's a new year with new challenges and new resolutions. There are new victories to be won and new goals to attain. If there is one word that to me sums up this new year, that word is "OPPORTUNITY". I see that God is placing before us great opportunities. It has been said before but I repeat it again, now is the time. Now is the time for us to see all the words that have been spoken over us become a reality. The promises that God would prosper us, cause us to grow and increase our kingdom impact is happening before our eyes. This is our time Bethesda.

God has renewed our vision and we are more committed than ever before to be all that God desires for us to be. God is calling us to be an: 1) Interceding church 2) International church 3) Innovative church 4) Integrated church 5) Investing church. If this is the type of church God wants for us to be, then this what we will be.

Get ready! What lies ahead is great. You are a wonderful and vital part of what God desires to do through Bethesda. Let's take advantage of every opportunity that God is placing before us.
